THE FLEXLUX® EXPERIENCE

A read, a drink, a break, a daydream - we all need somewhere to savour the moment. FLEXLUX® is designed to be that place.

Effortless adjustability lets you find your favourite positions, while 5 layers of uniquely cushioned padding adapt to your body's every move. Coupled with integrated Air Channels™ and perforated leather for outstanding breathability, FLEXLUX® ensures you will find pleasure in every moment.

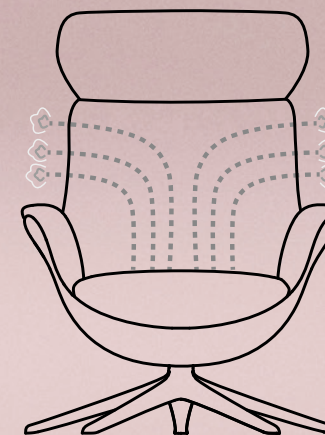

THE PLEASURE OF BEING

Treat yourself to some me-time every day.
Sit back, relax and experience the pleasure of being.

AIR CHANNELS™

Integrated Air Channels™ and perforated leather allow your body to breathe and help you stay comfortable. Keeping you warm when the air is cool and cool when it is warm.

5 LAYER COMFORT™

The FLEXLUX® experience is provided by a 5 layer cushion. We start with a Nozag spring, add bonded foam, moulded high resilient foam, then add a layer of hyper soft foam and finally, a layer of thermo-fixed fiber. The result is a luxurious cushion with exceptional comfort.
