About A Collection

Designed for HAY by Hee Welling, the iconic About A Collection is a multi-functional family of chairs and stools connected around one simple, strong idea, while still retaining the individual qualities of each model. The About A Collection is HAY's most versatile furniture series, comprising dining and conference chairs, office chairs, bar stools, lounge chairs, tables, a foot stool, and a sofa, collectively offering diverse interior design solutions that are equally suitable for private, professional, or public settings. About A Collection's versatile profile enables it to blend in or stand out, with the many colour and textile options allowing you to adapt the design without compromising the basic concept, resulting in a vast range of furniture that is both flexible and unique.

Design by Hee Welling & HAY

Hee Welling is a Danish furniture designer who founded his own studio in Copenhagen in 2003. The son of a cabinetmaker, Welling's fascination with production techniques, materials, and machinery was fired as a child. He went on to study at The University of Art and Design in Helsinki, and received his master's degree in furniture design from The Royal Danish Academy of Fine Arts. Centred around the idea of creating technically accomplished products that can reach a wide audience, his designs are characterised by a great sense of proportion and quietly elegant aesthetics.

Welling has received a number of design awards, including the Bo Bedre Award (Denmark), Good Design Award (USA), and has been nominated as Danish designer of the year in 2013 and 2014. For HAY, Welling has designed the About A series and the Hee Chair, Lounge Chair, and Bar Stool.

Recycled plastic

With the objective of recreating HAY's iconic About A Chair and About A Stool Collection to reduce the impact on the environment, all the shells are made from 100% recycled post-consumer plastic derived from household waste, like televisions and washing machines. The plastic is collected, sorted and cleaned in recycling programmes, before being reprocessed into About A Collection shells.

Work-life

“In the contemporary world, the divide between working and living is not so strict as it once was. As we look to the future of design, we should consider that a balanced lifestyle sometimes means living where we work, and working where we live.”

— Rolf Hay

Home-life

“The About A Collection is meant to be a collection of chairs, lounges, stools, and more that have all the most basic yet essential elements of what they are. It is easy to live with these products because they are so wonderfully simple: every single part is necessary, there is no part that can be removed. It is a pure thing.”

Lounge

In line with the rest of the collection, the AAL series offers inviting furniture with uncluttered, yet distinct designs. The About A Lounge Chair is available in a low-backed version with or without soft quilted upholstery, or a high-backed version with a more open, spacious composition. The About a Lounge Sofa features curvy lines and an organic expression, inviting close, intimate meetings at the same time as offering an open, welcoming structure, while the About A Lounge Ottoman can be used to supplement the AAL as well as standing alone as an extra seat.

As with all furniture in the About A Collection, the AAL series features a wide choice of cushions, legs and upholsteries that brings comfort and atmosphere to a wide variety of settings, from offices and hotel lobbies to private homes.
