

# LINEAR STEEL BAR & COUNTER STOOL

**THOMAS BENTZEN ON THE DESIGN** “The Linear Steel Bar & Counter Stool brings new perspectives to modern outdoor furniture through its straight lines, folded edges and the contrast between its sturdy materiality and organic, soft form. The design is made unique by its half-circular intersecting legs and small spacing in the seat for easy removal of water, making the Linear Steel Bar & Counter Stool visually clean for long-lasting aesthetics. The Linear Steel Bar & Counter Stool is a stackable design in powder coated steel for a matte look and contemporary feel, paired with its subtle detailing for an elegant expression.”

## DESCRIPTION

The Linear Steel Bar & Counter Stool is designed with clean, elegant lines and subtle details for a modern expression. Linear Steel Side Chair stacks up to 5 chairs on the floor.

## MATERIAL

The Linear Steel Bar & Counter Stools are made from galvanized steel with a weather-resistant deep matt, UV-resistant powder coated finish, making the chair suitable for outdoor use. Plastic glides for outdoor use.

## CLEANING AND CARE

When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way. Clean the chair with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. Lacquered surfaces can get scratches and chips if hit by other hard objects.

Lacquered surfaces can get scratches and chips if hit by other hard objects. Be careful around the design when handling other hard objects, such as tableware and porcelain. In case of minor scratches in the paint, Muuto recommends that you contact your local DIY store, and get advice on which outdoor paint product they can recommend, to cover the minor scratches.
