Peka BENCH

Enjoy a moment of stillness with the Peka Bench. Made from sustainable, FSC-certified Accoya-treated pine wood, the Peka Bench is ideal for outdoor use, as the 100% non-toxic treatment makes it especially resistant to external factors without the need for additional treatment, maintaining the beautiful, raw appearance of the wood over time. Behind the backrest you'll find a narrow shelf, making it the perfect spot to enjoy a cup of tea or cold lemonade in great company. Due to the nature of the wood and the Accoya treatment, a grey look may occur. This can increase over time due to wind and weather.

PRODUCT INFO

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
