Visu Wide Chair
Wood Base

"The idea for the Visu Wide Chair was to create an elegantly simple interpretation of the archetypal plywood chair. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat in form-pressed veneer. The design features a large comfort through its wide, embracing seat, bringing a new perspective to the traditional wooden chair and echoing the ideas of Scandinavian design together with a modern expression."

— Mika Tolvanen

Designed by	Mika Tolvanen
About the designer	Mika Tolvanen is part of the Finnish Rehti Design group. After graduating from the Royal College of Art with a Master in design in 2001, Mika established his own design office in Helsinki. He has since worked with some of the world's top designers and manufacturers.
Environment	Indoor
Country of Production	Latvia
Preassembled	Yes
Description	Being four centimeters wider and deeper than the standard Visu Chair, the Visu Wide Chair adds an air of leisure to an already sleek and comfortable chair. The oversize silhouette and sturdy wooden legs make a visual statement in your conference room, dining room or office while remaining sleek thanks to clean lines.
Material	Shell is form-pressed. Base is cut and all elements are lacquered.
	Non-upholstered version: Form-pressed oak or ash veneer shell and base, both in water-based lacquer.
	Upholstered version: Shell is made in formpressed veneer with foam and fully upholstered with textile or leather. Wood Base in formpressed veneer with water-based lacquer.
	Oak and ash veneer: slight color variations can occur due to the inherent characteristics of the material.

Wood Base

Cleaning & Care

Clean on a regular basis using a damp and clean cloth. Remove stains using a mild mixture of water and detergent. Avoid contact with sharp objects as these can leave scratches in the wood and lacquer.

For textile upholstery versions, please find specific cleaning instructions for your chosen textile at kvadrat.dk. For leather versions, clean leather with a dry cloth regularly. Treat the leather when needed using only special leather treatment products.

Both versions with PU lacquer and water-based lacquer of this product can be cleaned with alcohol disinfectant. However, please note that as wooden products will get patina where the surface color can slightly fade. If cleaning is uneven, this may become even more apparent yet the lacquer will stay in place. For wooden products in lighter colors, the patina will be less apparent.
Spareparts

Plastic glide included. Felt glides sold seperately.
