

# COPENHAGUE / CPH 190 DESK

DESIGN BY RONAN & ERWAN BOUROULLEC

Sharing the same angled legs as the rest of the series, the tabletop of the Moulded Plywood Desk CPH 190 features a split at the back of the table, creating a useful upright backrest for supporting notes and open books, while the remainder serves as workspace. This has the dual benefit of making the desk more compact, at the same time it increases functionality. Ideal for using in a home office or in a work environment, it is crafted in oak with a clear lacquer.

## PRODUCT DETAILS

- / Multi-functional family of tables in different shapes, sizes, materials and colours.
- / Variability of veneer, laminate and linoleum colours and frame finishes.
- / The table is available as a round table with three legs (CPH 20), a round table with four legs (CPH 25), a rectangular table (CPH 30) and office desks (CPH 10, CPH 90).
- / Suitable for a wide variety of private and public environments.
- / Qualified for contract use.

# HAY
