

COPENHAGUE

By Ronan & Erwan Bouroullec

HAY

Copenhagen is a furniture series designed by Ronan and Erwan Bouroullec designed especially for the University of Copenhagen in 2013. In addition to a homely and welcoming expression, functionality, durability and ease of cleaning were important design requirements for the university. The Bouroullec brothers approached the task by merging design history with modern technology in an idiom with a strong and independent appearance in a broad and versatile series that embraces both public and private environments.
